Language/s:
English

Registration form:
<http://intranetp.itcilo.org/STF/A9011208/en>

DESCRIPTION

The course will provide a space to learn about and share knowledge, experiences, approaches and perspectives to improve energy access, efficiency and deal with energy transition in rural and urban areas, as well as in industry, while ensuring environmental and socio-economic benefits. Participants will discuss the employment creation potential and skills needs for the transition to sustainable and clean energy and concrete strategies from both public and private sector perspectives. Some training sessions will be shared with the course "Green building and construction: Pathway towards inclusive growth and the creation of decent and green jobs" scheduled for the same week.

TARGET AUDIENCE

The course is aimed at a mixed audience of representatives from national and local governments, social partners, professionals and entrepreneurs whose work relates to understanding and promoting energy transition; national and international development agencies; civil society organizations, research institutes and academia. A gender-balanced participation is sought.

HOW TO APPLY

Tuition cost: EUR 1,600 covering programme development and management, secretarial and administrative support, the use of classrooms and teaching equipment, office supplies, training materials and tutors' support, emergency medical insurance and socio-cultural activities.

Subsistence cost: EUR 615 covering full board and lodging at the Turin Centre's campus.

Total cost: EUR 2,215

Prices shown do not include the cost of travel between participant's home and the course venue.

Application form:

The deadline for applications is 27 April 2018.

Participants requiring VISA support letters are encouraged to submit all required registration documents 5 weeks prior to travelling dates in order to ensure sufficient time to process requests through Italian Embassies.
