

RURAL DEVELOPMENT

# SHORT SUPPLY CHAINS

8 – 12 APRIL 2019  
TURIN, ITALY

# SHORT SUPPLY CHAINS

PROMOTING RURAL DEVELOPMENT

---

## OVERVIEW

### SNAPSHOT OF THE COURSE

**Supply chains in Europe, Latin America and increasingly other continents show the growing potential of direct links between producers and consumers.** This emerging trend for short supply chains boosted by demand for sustainable products and facilitated by new technologies not only helps diversifying rural economies, but also promotes empowerment of rural actors. Are you ready to learn how to diversify through short supply chains?

---

**ENGLISH**

APPLICATION DEADLINE

**10 MARCH 2019**

## WHAT

### WHAT TOPICS DOES THIS COURSE COVER?

This course is designed for professionals who work for or directly with rural communities.

- Supply chains
- Small business
- Rural development

### WHAT WILL I LEARN?

Participants deepen their knowledge of short supply chains with the guidance of international development experts.

- All about the **connections and synergies between** agriculture, short supply chains and rural diversification
- How to develop strategies for short supply chains based on a **rural area's natural and cultural resources**
- The possible synergies between short **supply chains and sustainable tourism**

### WHAT WILL I BE ABLE TO DO?

Participants are prepared to use newly-acquired knowledge in projects and programmes.

- Apply **concepts and practices** of sustainable tourism and short supply chains in professional work
- Analyze **challenges and opportunities** related to decent employment and social inclusion
- Design better **policies and initiatives** in rural settings

---

## WHY

### WHY SHOULD I JOIN?

The Turin Centre is known for its innovative learning experiences and unconventional methodologies.

- This course is based on **real examples**, and includes **study visits** throughout Italy.
- Participants are encouraged to **discuss their experiences** and identify ways to apply the course topics to their work.
- Classroom learning activities include **round table discussions**, group work, case studies, and an examination of best practices.
