

**INTRODUCING
DIGITAL CREDENTIALS**

*The evolution
of certificates*

Instead of receiving traditional paper certificates by mail, our participants can now earn them entirely online. **Today, it is possible to take an ITCILO course without ever touching a single piece of paper.**

The best part? It took just four months to implement the change.

Our culture of innovation makes it easy to turn good ideas into reality.

Now, our participants can:

- **Add their badges** to their LinkedIn profiles and email signatures
- **Share their certificates** with short posts on social media
- **Improve their professional reputations** with secure and verifiable certificates

Plus, our staff members:

- **Skip** time-consuming administrative work
- **Easily change** names, fix typos, and correct small mistakes
- **Focus** on more interesting, big picture ideas

DIGITAL CREDENTIALS ARE:

Always accessible

Easily shareable

Discoverable, yet secure

Verifiable

Portable and exportable

The ITCILO's digital credentials align with quality assurance best practices, as well as the Centre's evaluation and certification policy, in compliance with its strategic plan.

It's a win-win solution.

Want to see how it looks? Explore a participant's [digital certificate and badge](#) for the e-learning course on Management of Vocational Training Centres.

“This credential shows prospective employers that I am committed to my continuous development and lifelong learning.”

Leo Long

**SENIOR PRACTITIONER IN TRAINING AND SKILLS DEVELOPMENT
AT THE SOUTH AFRICAN FORESTRY COMPANY**

“I present my great delight in receiving the digital credentials, the result of the course which has set me off on a new path of quality service delivery as I manage Liberia’s oldest TVET institution.”

Harris Fomba Tarnue

EXECUTIVE OFFICER AT BOOKER WASHINGTON INSTITUTE, LIBERIA

“Proud to share this certificate received today. Proud about the knowledge received, the different points of view that I developed regarding many issues, and most of all about the people that I exchanged ideas and conversations with.”

Besnik Ligaci

GENDER AND SOCIAL INCLUSION LEADER AT HELVETAS, SWITZERLAND

This is just the latest step of the Centre’s digital transformation.

As technology advances, our relationship with social media deepens, and learning choices become more varied, the ITCILO will continue to innovate for a sustainable and digital future.

Stay tuned for more advancements and experiments in 2021!
