SKILLS DEVELOPMENT

AUGMENTED REALITY IN SKILLS DEVELOPMENT

4 – 22 DECEMBER 2023

 3 WEEKS, 30 HOURS

Information Note

INTRODUCTION

The micro-course on Augmented Reality is aimed at TVET specialists, managers and teachers of TVET centers in order to develop their skills for creating a lesson using Augmented Reality (AR).

The overall objective of this training is to strengthen the capacities of TVET professionals to improve the quality and dissemination of Augmented Reality in the field of skills development and vocational training, as well as to adopt effective approaches and tools to promote different forms of involvement and learning by users of vocational training.

TOPICS

Throughout the 3 weeks, the participant will be able to select, design and implement an Augmented Reality lesson. The course will be structured as follow:

- **Week 1:** Learn how to use the EON Reality Education platform for the design of your AR lessons and discover AR methodologies of teaching
- **Week 2:** Design your Augmented Reality lesson
- **Week 3:** Feedback sessions on your lesson
- **Individual work:** Improvement and finalization of your AR lesson

The micro-course will also include add-on thematic webinars with subject matter experts on the intersection between **Artificial Intelligence** and **Augmented Reality** as well as the **future of XR in skills development**.

The course will provide you with the access to the EON Reality Education platform free of charge to test and implement the usability of AR in your teaching.

WHO ATTENDS THIS COURSE?

Representatives, managers and staff of key TVET stakeholders, such as:

- Pedagogical staff of TVET trainers' training centres;
- Curriculum developers, didactical and managerial staff in National Training Authorities
- TVET teachers and trainers, in-company trainers and mentors;
- Managers of vocational training centres;
- Experts and technical staff from CSOs, NGOs and other civil society actors, working in the field of TVET.

FORMAT AND METHODOLOGY

During the course the participants learn to use the EON XR software including the pedagogical aspects related to the creation of their lesson. Once the lesson are designed, the participant can immediately implement their own lesson to their learners and get feedback from peers and trainers.

LANGUAGE

Participants will be required to have a good knowledge of written English as training materials will be available on the e-platform in this language.

APPLICATION AND DEADLINE

If you wish to participate in this course, please fill in the online application available here: <https://oarf2.itcilo.org/DST/A9716003/en>

The application should be accompanied by a letter from the sponsoring organization OR a personal letter committing to cover participation cost (**975 Euros**). These two documents should reach us by **29 November 2023**.

We encourage applications from qualified women and men, including those with disabilities.

PRICE

Tuition: €975

WITHDRAWAL, CANCELLATION POLICY, AND REFUNDS FOR OPEN COURSES

If an enrolled participant wishes or must withdraw from a course, they may choose to apply to a different course or be substituted by another candidate. The participant must notify the Centre, in writing, of their decision at least 14 days prior to the start date of the course. Cancellation of participation in regular courses will result in the following penalties:

- 14 days or more prior to the start date of the course: No penalty, 100% refund of amount paid less applicable bank charges
- 8 to 13 days prior to the start date of the course: Penalty of 50% of course price, refund of residual amount paid (if any) less applicable bank charges
- 7 days or less prior to the start date of the course: Penalty of 100% of course price.
