Flagship training jointly organized and implemented by the International Training Centre of the ILO (ITCILO) and the International Labour Standards Department (NORMES) of the International Labour Office, in collaboration with the ILO Field Offices.

International labour standards (ILS) adopted and supervised by the International Labour Organization provide a **tried and trusted normative foundation** to guide Member States for a **human-centred approach** to a world of work in need of resolute action to promote social justice and to fully implement the 2030 Agenda for Sustainable Development. ILS support policy coherence, provide a level playing field within and across countries to push back at inequalities, drive productivity gains needed to sustain decent standards of living, and regenerate trust in an open global economy that leaves no one behind.

The Academy is a global event offering a choice of **highly-specialized tracks** on ILS specifically designed to meet the needs of **different target groups**. It provides in-depth understanding of the comprehensive system of ILS and its application at national level.
